 Open to relocate to Singapore

SUMMARY

Detail-oriented Senior Accountant with 11 years of extensive experience in the construction sector, specializing in full set accounting, taxation, and SGFRS compliance. Proven expertise in managing construction progress claims, tracking retention fees, and handling GST, CPF & ECI filings. Proficient in Xero, QuickBooks, and MYOB, with strong capabilities in financial reporting, reconciliation, AP/AR, and cash flow management.

EXPERIENCE

Senior Accountant and Admin

Myanmar Geoharbour Engineering and Construction Co., Ltd. (Singapore Based)

 03/2024 - 05/2025  Yangon

- Managed AR collections and AP payments, maintaining accurate vendor records, reducing overdue balances, and ensuring compliance with company policy.
- Reconciled and closed monthly accounts; prepared statutory tax returns (quarterly and annual, FY23–24) and reported financial results to Singapore.
- Prepared audit schedules and documentation, supporting smooth and timely audit completion with zero major issues.
- Administered payroll and personal income tax calculations for staff in Singapore and Shanghai in line with HR requirements.
- Oversaw office administration, including filing, document control, meeting minutes, and contract management with vendors and service providers.
- Arranged travel logistics for foreign staff (visa runs, air tickets, and accommodation) while optimizing costs and resources.
- Supported cost-saving initiatives by repurposing or reallocating unused items, and took on ad-hoc tasks to ensure flexibility and team support.

Senior Accountant

Smart Builder Construction Co., Ltd

 07/2014 - 02/2024  Yangon

- Conducted cost variance analysis, tracked multi-site project expenses, and recommended cost-saving actions to keep within approved budgets.
- Prepared tender budgets, project quotations, and material cost estimates in coordination with procurement and estimation teams, while negotiating supplier contracts to avoid overpricing.
- Reviewed subcontractor claims, progress payments, and retention schedules, ensuring accuracy, compliance, and proper revenue recognition based on milestones.
- Oversaw AR/AP processes, followed up on receivables, processed supplier payments, and reconciled bank balances to maintain healthy cash flow and vendor relationships.
- Managed full sets of accounts (AR, AP, GL), prepared WIP and monthly profitability reports, and maintained fixed asset register with accurate depreciation records.
- Filed Annual Returns with DICA, submitted tax reports (FY2018–2023), and supported tax audits with accurate documentation, resulting in full compliance and zero major findings.
- Delivered financial insights and reports to the Finance Manager and Board of Directors, supporting management decisions and long-term strategy.

KEY ACHIEVEMENTS

Lowered Overdue Receivables

Reduced overdue accounts receivable by 15% within 3 months through structured client follow-ups, AR aging analysis, and improved payment tracking, strengthening cash flow.

Career Advancement

Promoted from Junior Accountant to Senior Accountant over 10 years, overseeing full-set accounting, tax compliance, and financial reporting for construction operations.

Cross-Border Reporting Excellence

Coordinated cross-border financial reporting with Singapore and Shanghai HQs, delivering 100% on-time monthly reports in compliance with SFRS and international reporting standards.

Eliminated Tax Penalties

Achieved 100% on-time tax filings for 5 consecutive years, ensuring full compliance and eliminating tax penalties.

Ensured Audit Success

Cleared 3 years of audit backlog within 6 months, achieving full compliance through improved documentation and auditor coordination.

Ledger Consistency Achieved

Maintained 95%+ accuracy across Accounts Payable, Accounts Receivable, and General Ledger through regular reconciliations and control checks.
